Fax:

Corresponding author(s) confirm(s) on behalf of all authors of the manuscript that:

1. All authors agree to the contents of the manuscript and its authorship.
2. Neither the whole manuscript nor any part of this manuscript has been published previously in any language in a permanent archive nor is it under consideration by another journal.
3. None of the suggested referees has acted as a research collaborator of any of the manuscript authors in the past two years.
4. The manuscript does not infringe anyone's copyrights or any other rights.
5. No copyright material has been included in the manuscript except with the written permission of the copyright owner(s).
6. Authors have followed all ethical and legal guidelines when pursuing the presented research, especially where research involved human or animal subjects and cloning.
7. Any unpublished data are included in the manuscript with the written permission of the provider(s) of the information.
